Status Quo and Perspective of the Markets for Forest Environmental Services

Chen Yong Zhi Ling (Research Institute of Forestry Policy and Information, Chinese Academy of Forestry, Beijing 100091,China)

The past decades has seen widespread emergence of markets for forest environmental services. In this article, the history and the current progress of markets for forest environmental services are reviewed. The main markets such as watershed protection services, biodiversity protection services, carbon sequestration services and landscape services are introduced. And the main problems and development tendency in building the markets for forest environmental services are discussed.

【Key Words】 : **markets for forest environmental services watershed protection biodiversity protection carbon sequestration landscape and seascape beauty**

【Fund】 : 国家自然科学基金(70373001);; 云南省教委重点课题基金(03V568B)

【CateGory Index】 : F316.2
