Research Advances and Trends in Forest Ecosystem Services Value Evaluation in China

GUO Zhi-xing et al(Xinyang Agriculture College,Xinyang,Henan 464000)

On the basis of previous research results,the advances of forest ecosystem services assessment at home and abroad were summarized and its direction of future development was pointed out,which will provide a basis and reference for green GDP accounting,ecological benefits compensation,environment constructing and strengthening protection in some regions.

【Key Words】 : **Forest Ecosystem service Value evaluation**

【CateGory Index】 : S718.55
